Third Academy Calgary North
 Campus Update

18 September 2009

Welcome back, everyone! We have an exciting year to look forward to.

There have been some changes over the summer:

- ✓ our school is now located on the upper floor only
- ✓ our entrance is now the SE corner entrance by the parking lot
- ✓ grades 1-9 being served here, with physed, music, and foods programming offered at the Calgary South campus
- ✓ Tracey LaRocke is now working as an administrative assistant at Calgary South
- ✓ we have 'spruced up' the upper level including new office spaces, paint, and attention to the washrooms

Mrs. Singh, Principal, and David Lambe, VP Business & Community Relations, are heading up our new building project for in Bearspaw. To date, we have accomplished:

- ✓ application to the MD of Rockyview for rezoning and subdivision
- ✓ preliminary engineering work in support of that application by Eclipse Engineering
- ✓ retaining of Genesis Building Corporation as our Project/Construction Manager
- ✓ retaining of Riddell Kurczaba as Architects
- ✓ visiting a number of schools- private and public- to see the latest in school design
- ✓ touring the Sprung head office in Aldersyde to see the potential of their structures
- ✓ dialogue with potential partners in the project, including River Valley Montessori School, Calgary Stampede Bands, and Blizzard Soccer Club

What's next to accomplish before Christmas 2009:

- ✓ meeting with stakeholders- parents, students, staff, and community at large
- ✓ design of a school in concept
- ✓ public open houses
- ✓ developing a media package to promote this project to potential donors/funders
- ✓ transfer of title to the pledged land
- ✓ getting before Rockyview council for rezoning /redesignation

The plan is to occupy for the first day of school September 2011. And with your help, we can do it!
